TAX STRUCTURE

BUY TAX

0%

Zero friction for buyers. No tax on entry. Open market access for all participants.

SELL TAX

5%

All proceeds go back to the community.

2.5%

Daily Reward Pool
Top 10 split equally

2.5%

Ops + Buyback Burns
Engineering & Drops funding

TOKEN UTILITY & BURN MECHANICS

GAME ENTRY

Day 4+ games cost \$NOTF tokens. All entry fees are burned. Deflationary by design.

LEADERBOARD

Daily top 10 split the reward pool funded by 2.5% sell tax. Encourages competitive play.

DROPS

Every 2 hours, first correct guess wins \$5–10 in \$NOTF. Funded by sell tax + treasury.

ROOMS

Private rooms for 2–20 players with voice chat. Room host can set token entry stakes.

KOL VEST

KOLs can unlock tokens early only by playing games — aligning their incentives with the ecosystem.

LIQUIDITY

20% protocol-owned liquidity ensures stability. Not reliant on external LPs.

EMISSION SCHEDULE (REWARDS 40%)

DAY 1 — LAUNCH

Emission begins at 0.073% of total supply per day
Predictable, bounded inflation from day one

MONTH 3–4

Target: daily burn ≥ daily emission
Entry fee burns at target DAU offset reward emissions

MONTH 6

KOL vesting completes
All KOL allocations fully unlocked (via play or vest)

MONTH 12

Team allocation unlocks
After 3-month cliff + 9-month linear vest

MONTH 18

Rewards emission complete
All 40% fully unlocked. Only burn mechanics remain inflationary
